Subject: Re: Remediation plan for Malibu High School

Hi Tom,

Re-read the email sent to EPA last week and I misunderstood. So disregard my last email except for the request of the plan that states what windows and what rooms are the district planning on remediating and at what schools MHS or JC?

Kind Regards,

Tara Buran

Hi Tom,

Thank you for sending that plan from Environ but it is my understanding there was a more recent addendum to the plan sometime between August 14 or 18 by Jerard Blumenfeld to SMMUSD. Could you please send me that plan.

Kind Regards,

Tara Buran

Tara,

As you requested, the plan for remediating PCBs in building materials at Malibu High School is found at this link:

<http://www.smmusd.org/PublicNotices/PCBRemediationPlan070314.pdf>

The plan was modified by the District last week by the email pasted below.

Sincerely,

Tom Huettelman, Assistant Director

Subject: Santa Monica-Malibu Unified School District

Tom,

With regards to environmental issues at two of our Malibu campuses, the District understands the concerns and our obligation to fully comply with TSCA. Therefore, the Santa Monica-Malibu Unified School District will remedy the TSCA violations identified at four window areas at Malibu High School within the next 10 months, no later than June 30, 2015. Additionally, as described in our plan to the EPA, the District will change light fixtures at both Malibu High School and Juan Cabrillo Elementary School within the next 12 months.

We acknowledge that while this is a voluntary corrective agreement, the EPA is the federal agency with exclusive jurisdiction over TSCA investigations and clean ups. Therefore, we will coordinate with EPA to ensure that all activities are subject to approval of the EPA and adhere to relevant TSCA standards. Additionally should we find additional TSCA regulated materials, we anticipate voluntary removal of those materials and will coordinate with the EPA regarding any necessary approvals and timing. Thank you for all of your assistance and support on this matter.

Thank you,

Janece L. Maez
